ProMutual Receives Award

Boston, MA – At a November 20, 2003, dinner honoring the 25th anniversary of Physician Health Services (PHS), ProMutual Group was presented with a Distinguished Service Award.

PHS is a nonprofit corporation founded by the Massachusetts Medical Society. Its goal is to help prevent, identify, refer to treatment, guide and monitor the recovery of physicians with substance abuse disorders, behavioral health concerns, mental illness, or physician illness. ProMutual Group has been a major sponsor since PHS's founding.

Over the past 25 years PHS has assisted nearly 2,000 physicians with these health problems. To the right, Richard Brewer, President and CEO (center), accepts the award from John A. Fromson, MD (left), President of PHS and Vice President for Professional Development at the Mass. Medical Society, and Luis T. Sanchez, MD (right) the Director.

In accepting the award Brewer said: “We at ProMutual Group are proud to support the work of Physician Health Services to keep good doctors in the practice of medicine. Over the past decade PHS has truly made a difference in the lives of Massachusetts physicians by guiding and assisting those at risk due to personal health concerns to overcome these issues and remain a safe and productive member of the medical community.”

ProMutual Group provides medical professional liability insurance coverage to nearly 16,000 physicians, surgeons and dentists as well as hundreds of hospitals, health centers and clinics. The companies operate in Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, Rhode Island and Vermont.
